

**Distributors of
Electrical Equipment
throughout Africa**

ELECTRICAL PRODUCTS
A division of ACTOM (Pty) Ltd

ACTOM

JOINTMASTER

COMPANY PROFILE

ACTOM Electrical Products, a division of ACTOM (Pty) Ltd, is a leading stockist and supplier of competitively priced quality electrical equipment through our extensive Southern and Sub-Saharan African distribution network.

Vision

Our vision is to continue to be a leader in the stocking, distribution and supply of quality electrical products while expanding our offering throughout the African continent and internationally.

Key elements we have identified to achieve our vision are:

- Customer focus and superior levels of service
- Sustainable added value to the electro-technical industry
- Product quality, availability and innovation
- Competitive pricing and diversified solutions
- People empowerment and training

Network and trading operations

ACTOM Electrical Products' head office is situated in the industrial node of Germiston, Gauteng with an extensive distribution network:

- | | | |
|------------------|----------------|---------------|
| • Johannesburg | • Nelspruit | • Rustenburg |
| • Pretoria | • Polokwane | • East London |
| • Cape Town | • Bloemfontein | • Windhoek |
| • Durban | • Welkom | |
| • Port Elizabeth | • Steelpoort | |

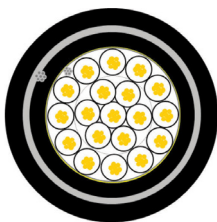

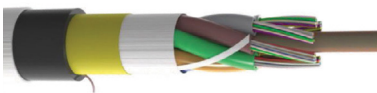

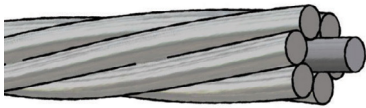

In addition to the daily supply and delivery of product for electrical projects, formal contracts and wholesale counter-sales, the 13 branches also perform an essential marketing and support role representing the ACTOM group, and other major electrical equipment manufacturers, in the market place. Our highly motivated branch sales teams are experienced in identifying customer needs, offering solutions and providing first line technical support.

ACTOM Electrical Products is actively involved in the following sectors:

- | | | |
|------------------------------------|-------------|--------------------|
| • General Contracting | • Industry | • Agriculture |
| • Renewable Energy | • Transport | • Wholesale sector |
| • Municipalities / State Utilities | • Housing | • Retailers |
| • Mining | • Water | • Export markets |

CABLES

Power cables

- MV Paper Insulated Lead Cables (PILC)
- MV Cross – Linked Polyethylene (XLPE)
- LV Underground (1,5 - 300mm)
- Mining cable
- Aerial bundled conductors (ABC)
- Airdac Concentric House Connection
- Overhead Aluminium conductors (ACSR/AAAC)
- Aluminium underground
- Earth continuity conductor (ECC)
- Multicores
- Single Cores (185 - 630mm)

Electric wires

- Household general purpose (GP)
- Surfix
- Flat twin + earth (FTE)
- Bare copper earth (BCEW)
- Trailing
- Submersible
- Cabtyres
- Welding
- Ripcords
- Blasting Wire

Communication cables

- Instrumentation
- Telephone
- Fibre optic
- Control
- Accessories
- Leaky feeder
- Seismic cables

ACCESSORIES

Cable systems

Joints:

- MV Heat and cold shrink
- MV Premolded
- MV Oil and compound boxes
- MV Fibreglass boxes
- LV Resin and heat shrink

Terminations:

- MV heat and cold shrink
- MV premolded
- Separable connectors
- Connex plug-in type

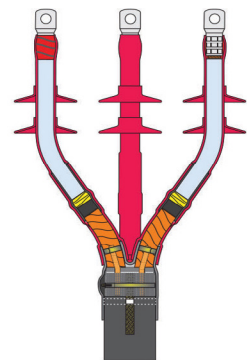

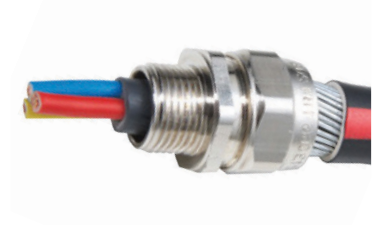

Tapes:

- Semi-conductive
- Self-amalgamating
- Insulating and filler putty
- Butyl and stress grading mastic
- Track resistant
- PVC insulating

- Crimping and torque shear connectors
- Compounds, oils and resins
- RELCO cable clamps and wedges (mineshafthts)
- Overhead line equipment
- Glands, Shrouds, Lugs and Ferrules

General accessories

- Conduit
- Trunking
- Cable support systems
- Tools and instruments
- Domestic switches and sockets
- Industrial switches and sockets

DISTRIBUTION

High voltage equipment

11kV - 132kV:

- Outdoor SF6 circuit breakers
- Earth switches
- Oil filled current and voltage transformers
- Vertical break, single side break, double side break and centre break disconnect switches

11kV - 33kV:

- Outdoor kiosk-type circuit breakers (dog box)
- Distribution surge arrestors

11kV - 22kV:

- Metering units (combined current and voltage transformers)

33kV:

- Indoor switchboards type DNF7 up to 2 500A
- GIS indoor switchboards up to 2 500A
- Furnace circuit breakers

Maintenance on all types of circuit breakers

Low and medium voltage switchgear

- Low voltage indoor and outdoor switchgear
- Motor control centres
- Medium voltage indoor and outdoor switchgear
- Minisubstations 200kVA to 1 000kVA
- Mobile substations and skid mounted minisubstations
- Metering units
- Ring main units

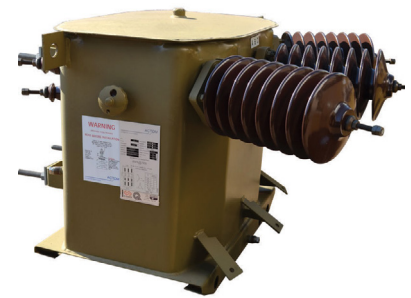

Distribution transformers

Power ratings: 16kVA to 5 000kVA

Voltage ratings: 3.3kV to 33kV

Available with a full range of accessories

Low voltage switching, measurement and protection

- Small frame moulded case circuit breakers 2.5kA and 5kA
- Large frame moulded case circuit breakers to 100kA
- Air circuit breakers
- Earth leakage units and switch disconnectors
- Gulley Boxes
- Contactors
- Energy meters and analysers
- Protection relays
- Industrial fuses and associated fusegear
- Terminal blocks
- Ready boards
- Surge arrestors
- Drop out fuses
- Distribution poles

LIGHTING

Lighting

Industrial, mining, commercial and domestic applications

- Flood lights
- Streetlights
- Hibays/Lowbays
- Fluorescent fittings
- Control Gear
- Domestic lighting
- Traffic signals
- Mine lighting

Lamps

Industrial, mining, commercial and domestic applications

- LED Downlighters
- LED Tubes
- Indoor/outdoor LED light fittings
- LED Flood lights
- LED traditional shaped lamps
- Energy saving compact fluorescent
- Fluorescent tubes – 26mm
- Fluorescent tubes – T5
- Discharge Mercury Vapour, Sodium, Metal Halide
- Ceramic Metal Halide
- Downlighters
- Decorative and specialised lamps

ADDITIONAL PRODUCTS

Heating and ventilation

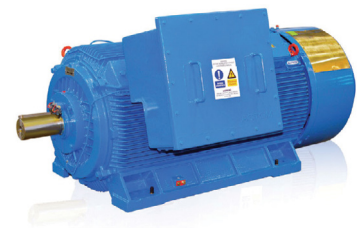

- Xpelair extractor fans for commercial and domestic use
- Redring instant hot water appliances
- Convection heaters
- Fan heaters
- Infra red heaters
- Industrial and mining ventilation fans
- Commercial oscillating & ceiling fans

Electric motors

Low voltage

- ACTOM Powertrim range of general-purpose machines, 0.18kW to 110kW, 400V and 525V, as well as single phase 0.25kW to 22kW, 230V
- ACTOM LS6 premium efficiency machines, ratings from 0.37KW up to 450KW at 400V, 525V and 1000V
- Gearboxes, starters, drives, spares and accessories

Medium/high voltage

- From 250kW to 15MW
- TEFC, Cage, Slip ring motors
- These motors are made to order, with specifications designed to the customers' needs
- After market service

Generator Sets

Satchwell and Electric Elements

- Geyser elements for both domestic and industrial application
- Geyser thermostats
- Kettle, oven, grill and urn elements
- Air heating elements
- Energy regulators and appliance thermostats (domestic and industrial)
- Solid and spiral hot plates
- Special elements to customer requirement
- End user solution provider for heating applications

CONTACT US

South Africa

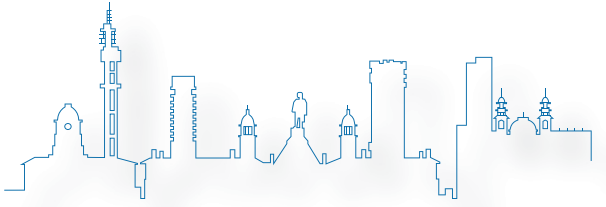

Johannesburg

4 Branch Road, Driehoek, Germiston, 1401
PO Box 678, Germiston, 1400
Tel +27 (0) 11 878-3000, Fax +27 (0) 11 878-3010
email: epsales.jhb@actom.co.za

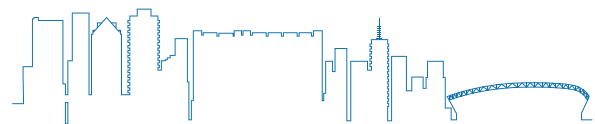

Welkom

29, 10th Street, Voorspoed 9459
PO Box 515, Welkom, 9460
